

Message from "Go Global" Assistant, Aimee / Doshisha University

Hello everyone.

My name is Aimee (Yan Yee). I am a 2nd year undergraduate student majoring in Commerce. I'm from Kuala Lumpur, the capital of Malaysia. A country with many religions, mainly Malay, Chinese, Indian. You may see people who communicate in different languages in Malaysia and start wondering whether they understand what each other is talking about.

I love exploring new things and new places. Such as looking up stylish café near the campus, visiting places that I have never been. I chose to study abroad to Japan is because I was impressed with exceptional design and high quality of Japan products. Also, the perfected hospitality culture! I definitely in love with it!

I love making new friends. So, do not be shy and please feel free to talk to me. We can talk about Malaysia, Asia, and study abroad or if you have any interesting topics to share, I would love to hear. We can have free talk too! Besides, I sincerely hope that I could assist you if you have any questions about studying abroad and foreign languages studies. Hope to see you in Learning Commons!
