

Dear Parent/Legal Guardian,

We understand your child has traveled a long way from home to study with us. To ensure the best care of your child in life and learning, we would like to let you know that in the event that a medical, legal or other unexpected emergency situations occur during your child's term of study at National Taiwan Normal University, we would need an emergency power of attorney to act on your behalf so that necessary procedures can proceed (e.g. surgery, hospitalization decisions, etc.) as this will allow the university to sign the relevant documents on your behalf should you be unable to arrive in time. Given this is a matter concerning the health and safety of your child, we would respect your decision. Enclosed please find a letter of emergency power of attorney to facilitate our handling procedures should emergency events arise. Please indicate your reference, sign the form and have your child return the document during registration. Thank you for your cooperation.

Sincerely yours,

National Taiwan Normal University
