**Muellysa Banig
Timmangen**

University of British Columbia
Canada

こんにちは, I am Muellysa Timmangen, pronounced as “Melisa” or メリサ & I’m currently an exchange student from University of British Columbia in Vancouver, Canada. A bit about me is that I’m currently an undergraduate student studying Environment & Sustainability & minoring in Data Science. I grew up playing sports like volleyball, taekwondo & dance. I love gathering friends together to build a community where people can find a place where they feel like they can belong. I hope that I can meet lots of friends in Japan & make lots of memories here!
