Monika Elzbieta Dziarmaga

**Jagiellonian University
Poland**

Hello, I'm Monika (or Monia モニャ)

I'm from Poland and I study at Jagiellonian

University in Cracow. My course is called Strategic Studies on Asia, so I learn about various Asian countries, and I also study Japanese language. I like watching sports (especially volleyball and f1), and I enjoy reading books and manga in my free time. This is my second time doing an exchange at Doshisha because Kyoto is my favourite place in Japan, where everyone made me feel like home - so I hope I can help you feel comfortable studying abroad as well!
