Tanino Wessels Perelo

 **University of Tübingen
Germany**

Hello everyone! My name is Tanino and I am from Germany. I study International Economics in my home University, located in the middle of the lovely state of Baden-Württemberg. Right now, I'm spending a semester here at Doshisha University as an exchange student.

My hobbies include playing bass and guitar. I enjoy bossa nova a lot. Lately, I have also been enjoying some Japanese music. I also really enjoy spending time outdoors, such as hiking in the woods or mountains.

Just like Kyoto, Tübingen is a lively and very beautiful college town. If you have any questions about studying abroad in Tübingen or Europe, I'd be happy to help you out!
